SUMMARY

A 3rd year Computer Engineering student at Vidyalankar Institute of Technology, Mumbai, affiliated to the University of Mumbai, Maharashtra, India. A dynamic engineer with multiple talents and a knack for programming, passionate about Artificial Intelligence, Backend Web Development, and Application Development. Also a keen learner, looking for opportunities.

EDUCATION

VIDYALANKAR INSTITUTE OF TECHNOLOGY – Mumbai, Maharashtra *Aug 2019 – Present*
Bachelor of Engineering, Computer Science, maintaining an average of 9.9 CGPA.

LANCERS CONVENT SR. SCHOOL – Rohini, New Delhi *April 2017 – Jun 2018*
12th with Physics Chemistry Mathematics, CBSE, 95% aggregate

LANCERS CONVENT SR. SCHOOL – Rohini, New Delhi *April 2015 – Jun 2016*
10th, CBSE, 10 CGPA

EXPERIENCE

INTERNSHIP STUDIO – Pune, Maharashtra *Jul 2021 – Aug 2021*
Artificial Intelligence Intern

- Learned and applied various AI algorithms, natural language processing techniques during this 5 week internship cum training.
- Developed a Language Translator from German to English as an internship project with accuracy above 80%.

VIDYALANKAR INSTITUTE OF TECHNOLOGY – Mumbai, Maharashtra *Jun 2021 – Aug 2021*
Artificial Intelligence Intern

- Created and deployed a College Induction Program Chat-bot on the college's website clone.
- Implemented the chatbot using tensorflow, keras libraries, and Natural Language Processing concepts.
- Deployed the chatbot locally with Flask micro-framework.

VIDYALANKAR INSTITUTE OF TECHNOLOGY – Mumbai, Maharashtra *Jul 2020 – Aug 2020*
Co-author, Alchemy

- Designed an Engineering Chemistry-II ebook named 'Alchemy', for college students, under the guidance of our college professor.
- Conducted extensive research work.

LEADERSHIP

GOOGLE DEVELOPER STUDENT CLUBS, VIT - Mumbai, Maharashtra *Aug 2021 – Aug 2022*
Technical Co-lead

- Providing technical support at Google DSC, Vidyalankar Institute of Technology, managing a core technical team of 9 talented members.
- Helping in designing solutions for local businesses and the DSC community.

COMPUTER SOCIETY OF INDIA, VIT - Mumbai, Maharashtra *Jul 2021 – Jul 2022*
Technical Head

- Providing technical support at CSI, Vidyalankar Institute of Technology, managing a core technical team of 4 talented members.
- Heading CSI VIT's social media community and motivating students towards competitive programming.

SKILLS

Technical:

HTML, CSS, Bootstrap, PHP, Javascript, Flask, C, C++, Python, Data Structures, ExpressJs, MongoDB, SQL, AWS, Algorithms, Git, GitHub, TensorFlow, OpenCV, Scikit-Learn, Natural Language Processing, Web-scraping, BeautifulSoup, Selenium, Object-oriented programming

Languages: Fluent (Reading, Writing & Speaking) in English, Hindi

Soft Skills: Team Management, Public Speaking, Leadership, Organisational skills, Problem Solving

ACHIEVEMENTS

- 2nd prize at New Delhi zonals for designing an Arduino gesture controlled robot.
- Special mention at IEEE VIT Mumbai's Mock Shark Tank.
- Finalist at Manthan 2021, a national security hackathon organised by the Indian Defence Services.
- Shortlisted as National-level finalist for Smart India Hackathon 2022.

PROJECTS

- FundIt: Web Application
 - Online communication platform for Higher Educational Institutes and Funding Agencies.
 - HEIs apply and request for funds, FAs reject, accept and monitor HEI projects.
 - UGC problem statement for SIH 2022.
- InBot - AI chatbot for college website:
 - Answer college related public queries
 - Trained using TensorFlow, Keras libraries. Deployed using Flask micro-framework..
- VaxMan:
 - Designed during Virtual Experience at EA Sports
 - A Pacman variant, designed in Python.
- COVID cases forecaster:
 - Machine Learning model using SVM.
- StartUp Management Platform - Web Application:
 - Startups can register, find mentors, share their ideas.
 - Mentors can find startups for mentoring

CERTIFICATIONS & TRAINING

- Neural Networks and Deep Learning, Coursera
- Data Science Training, Internshala
- Machine Learning Foundations. Coursera
- Tensorflow 2.x Essentials, Udemy
- Emotion Analysis with Scikit-learn, Udemy
- Artificial Intelligence Training, Internship Studio
- Performing Sentiment Analysis, Udemy, Rhyme
- Virtual Experience Programme, Goldman Sachs, Forage
